To whom it may concern-

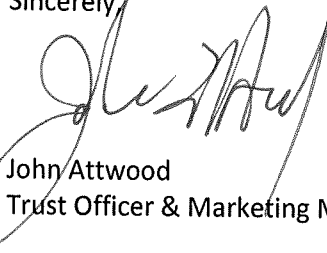

I have had the pleasure of working with Caleb Brewer of Diakonos Technology Group over the last year. During this time period, Mr. Brewer has fulfilled all of our IT needs at Zia Trust, Inc.

He is extremely knowledgeable. He works quickly to solve any hardware or software issue we present him. He exemplifies quality customer service. He demonstrates exceptional follow through and follow-up.

Our company has been completely satisfied with his performance as our systems grow along with our business.

I am recommending Diakonos Technology Group to several not-for-profits and other businesses in the area.

Sincerely,

John Attwood
Trust Officer & Marketing Manager
